Your Power to Save

March 2016

Join the thousands of New Jersey homeowners, businesses and municipalities that have taken advantage of incentives offered by **New Jersey's Clean Energy Program™**. These programs provide opportunities for you to save energy, money and help protect our climate and shoreline.

ONLINE APPLICATIONS NOW AVAILABLE

We are here to make your life easier by offering generous rebate programs which can help you save energy and lower your energy bills month after month!

You can apply for a rebate 24 hours a day, 7 days a week using our new online applications. Plus, you'll have the peace of mind that your rebate was received, and you'll also be able to check the status at any time.

* Are you considering a purchase of energy efficient HVAC equipment? You or your contractor can complete the **application online** and upload the required documentation.

* **Online applications** are also available when you purchase qualifying **fridges, washers and dryers**.

* For business owners, **online applications** for energy efficient equipment can expedite getting that rebate in your hands!

HOW MUCH ENERGY IS ESCAPING FROM YOUR HOME?

There's no better time to invest in your family's comfort. A Building Performance Institute GoldStar contractor can identify areas of your home where you are losing energy. Why continue to pay higher energy bills than you have to?

Home Performance with ENERGY STAR® has specially trained and qualified contractors that will conduct a comprehensive energy audit and provide a detailed report on how you can improve the energy efficiency of your home. They will conduct a health and safety check, look for air sealing opportunities, test insulation levels, assess heating and cooling systems and review your home's overall comfort.

You may eligible for up to a \$4,000 rebate in addition to either a 0% interest loan up to

\$10,000 or a 4.99% interest loan up to \$15,000.

Call a participating contractor today!
