## Your Power to Save

**May 2015**

Join the thousands of New Jersey homeowners, businesses and municipalities that have taken advantage of incentives offered by **New Jersey's Clean Energy Program?** These programs provide opportunities for you to save energy, money and help protect our climate and shoreline.

### WHAT WOULD AN ENERGY DETECTIVE FIND IN YOUR HOME?

*Kids these days are smarter than ever - even about saving energy. **Watch** how these youngsters identify old, inefficient appliances and make sure the homeowner knows about available rebates.*

Memorial Day Weekend is the perfect time to shop for new appliances as retailers will be offering great sales. Best of all, you can save even more with rebates from *New Jersey's Clean Energy Program*:

- Up to \$300 for ENERGY STAR certified **clothes washers** and **dryers**
- \$50 on select ENERGY STAR qualified **refrigerators**. Plus, **recycle** your old, working refrigerator and get \$50. We'll even pick it up for free.
- And, you'll find discounted **lighting products**; simply look for the *New Jersey Clean Energy Program* logo in your retailer's lighting section.

### REST EASY THIS SUMMER

*Wouldn't it be nice to relax this summer and not have to worry about home improvement projects? Set a deadline to have everything done by June 30th, so you can enjoy the summer and the savings.*

Current rebates are only available through June 30th, and may change in July. If you haven't upgraded your heating and cooling systems, now is the time! Receive up to **\$1,500 rebates** when you upgrade your central A/C, heat pumps, furnaces, boilers and/or water heaters.

Or get an audit through **Home Performance with ENERGY STAR?** and receive up to \$5,000 and a 0% interest loan when you have comprehensive work performed on your home.

Visit our **trade ally database** and call a few HVAC or Home Performance with ENERGY STAR contractors to find out what they offer, so you can benefit from these generous rebates before they expire!

Check out the latest list of [rebates and promotions](#).

### We're Here to Help

Call us at 866-NJSMART (866-657-6278) for information on these and other energy-saving programs for your home or business.
